ABSTRACT

The Compliance Monitoring Data Portal (CMDP) is a web-based data reporting system. The CMDP is comprised of a web application, web services, and a synchronization engine that in all, enables laboratories and public water systems to electronically report compliance sample results to primacy agencies (e.g., state agencies).

Agenda

- The CMDP Registration Overview
- User Roles and the Connection to SCS
- An SCS Registration Example to Use the CMDP

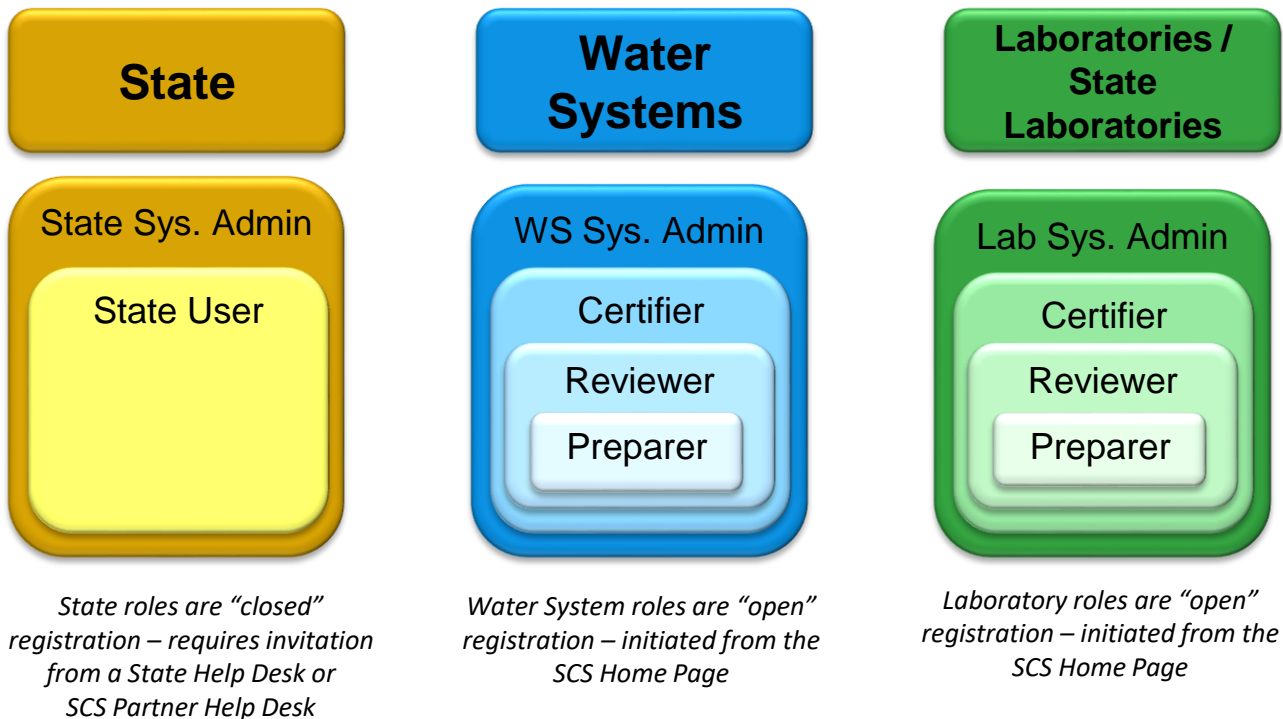

CMDP Registration Overview

	Administrative Roles	Non-Administrative Roles
Submitter Organization	<i>Open Registration</i> : Private Lab CMDP Administrator, PWS CMDP Administrator, State Lab CMDP Administrator	<i>Open Registration</i> : Preparer, Reviewer, Certifier, State Lab Submitter
State Organization	<i>Closed Registration</i> : State CMDP Administrator	<i>Closed Registration</i> : State Compliance Officer

CMDP User Roles

Different roles for each organization as follows:

CMDP / SCS Connection

- All roles in the CMDP are managed by SCS
- Helps EPA and state programs meet the electronic reporting, signature, and recordkeeping requirements of CROMERR

A Brief Registration Example

Pre-registration

- Contact SCS Help Desk

Email Confirmation

- Registration confirmation via email

Verification

- Verify organization identification and create account in SCS to complete user registration

Successful SCS Registration

The screenshot displays the SCS Dashboard interface. At the top, there are navigation links for 'Home' and 'Recent Announcements'. The user is logged in as 'WBRISTADMIN' with a 'Mail: (0)' notification. The main content area is divided into three sections: 'Program Services', 'Notifications', and 'Admin Tools'. The 'Program Services' section contains a table with one row of data, indicating a successful registration for a State CMDP Administrator in Rhode Island. The 'Notifications' section shows 'No notifications'. The 'Admin Tools' section lists various management options.
