The Road to the E-Enterprise Portal: Who, What, How, When...

- Who
 - The E-Enterprise Leadership Council, Enterprise Architecture IPT, Portal sub-IPT (states, tribes and EPA)
- What
 - A business integration platform for the Exchange Network and E-Enterprise
 - Today is an overview of Phase I featuring seven (7) use cases
- How
 - Conducted a comprehensive outreach effort to gather requirements
 - Federal Register Notice posted on January 2015
 - Over 500 attendees at various outreach venues—companies, states, tribes and the public
 - Concept of Operations Document developed by Portal sub-IPT, August 2015
 - Agile Sprints since May 2015
 - Phase II development under Interim Portal Governance Group
- When
 - Phase I soft launch today—Just the beginning
 - Phase II integrating more programs and services and interoperability with states and tribes

Let's Go to the Portal

E-Enterprise for the
Environment

Modernizing the business of environmental protection

Modernizing the business of environmental protection

E-Enterprise for the Environment is a new model for collaborative leadership among environmental co-regulators, engaging with all interested and affected parties, to achieve positive environmental, human health, and economic outcomes.
